AMENDMENTS TO THE CLAIMS

1. (Currently Amended) A personal styling razor, comprising:
a handle portion having lower, middle and upper longitudinal portions; and
a head portion, having a razor blade with a straight cutting edge, attached to said upper longitudinal portion;

wherein said cutting edge of said razor blade is substantially perpendicular to a longitudinal axis of the handle;

wherein said lower longitudinal portion extends along a first axis, said middle longitudinal portion extends along a second axis and said upper longitudinal portion extends along a third axis and wherein said first and third axes form a fixed control angle that is less than or equal to ninety degrees and said first and third axes intersect at a single point;

wherein said first and said second axes form a fixed contour angle that is less than 180 degrees; and

wherein said head portion has a width of less than or equal to one inch.

2. (Original) The personal styling razor of Claim 1, wherein said head portion is replaceable.

3. (Original) The personal styling razor of Claim 1, wherein said head portion is pivotally mounted on said handle portion.

4. (Currently Amended) A personal styling razor, comprising:
a handle portion having lower, middle and upper longitudinal portions; and
a head portion, having a razor blade with a straight cutting edge, attached to said upper longitudinal portion;

wherein said cutting edge of said razor blade is substantially perpendicular to a longitudinal axis of the handle;

wherein said lower longitudinal portion extends along a first axis, said middle longitudinal portion extends along a second axis and said upper longitudinal portion extends along a third axis and wherein said first and third axes form a fixed control angle wherein said control angle is greater than ninety degrees and said first and third axes intersect at a single point;

wherein said first and said second axes form a fixed contour angle that is less than 180 degrees; and

wherein said head portion has a width of less than or equal to one inch.

5. (Previously Presented) The personal styling razor of Claim 1, wherein a length of said upper longitudinal portion is greater than said width of said head portion.

6. (Original) The personal styling razor of Claim 1, further comprising a second razor blade mounted substantially parallel to said razor blade.

7. (Original) The personal styling razor of Claim 1, wherein said lower longitudinal portion comprises a first curved shape and said middle longitudinal portion comprises a second curved shape and wherein said first and second curved shapes form an ergonomically advantageous grip for said personal styling razor.

8. (Original) The personal styling razor of Claim 1, further comprising a glide surface area and a blade area, wherein said glide surface area is larger than said blade area.

9. (Canceled).

10. (Currently Amended) A detail shaving razor, comprising:
an ergonomically shaped handle portion; and
a head portion attached to said handle portion and formed with at least one razor blade having a straight cutting edge;
wherein said head portion is less than or equal to 1/2 inch wide;
wherein said cutting edge of said razor blade is substantially perpendicular to a longitudinal axis of the handle;
wherein said handle portion is adapted to provide increased control over the head portion during shaving;

wherein said handle portion further comprises a front or rear perspective that is substantially hour-glass in shape, having:

a lower longitudinal portion of a first curved shape; and
a middle longitudinal portion of a second curved shape attached lengthwise to said first lower longitudinal portion;
wherein a waist portion is formed between said first curved shape and said second curved shape.

11. (Original) The detail shaving razor of Claim 10, wherein said head portion is replaceable.

12. (Original) The detail shaving razor of Claim 10, wherein said head portion is pivotally mounted on said handle portion.
